To Our Friends on the Railroad. Owing to the heavy pressure on our printing force, and the lengthy reports of our Fair proceedings, which necessarily throw us late into the night, the CHRONICLE has not been as regularly delivered to our patrons as usual. It will be all right next week, and nothing but circumstances over which we had no control caused the delay this week.

The Fair will attract a large crowd to our city this week, and we are sure Payne's fine stock of cheap goods will attract a large crowd to his

Crowded.

We are informed by Messrs. Sanford, Camberlain & Albers, that they are finding it almost impossible to supply the demand for their very popular and valuable Cough and Lung Remedy, Symphyx. It is taking like wild fire, and is bound to be if it is not now the leading Lung Remedy of the country. We would advise all who suffer from any lung disease, from a simple cough to the dread consumption, to give it a trial.

You are sure to buy if you will only price the Shoes and Boots, at Payne's.

Local Miscellany.

Owing to a lack of a quorum there was no meeting of the City Council last night. We understand that some good cattle were sold to-day at 21 cents per pound. They are

certainly ranging low. Mr. Mason, of the firm of Mason & Lambright, was thrown from his buggy, on returning from the Fair, yesterday evening. We are glad te state, however, that he received no injuries. The calaboose received several visitors last night by parties who were too intoxicated to remain on the street, and who could not be persuaded to go to their homes quietly.

Parade of the Cadeis. Four companies of Cadets marched to the Fair grounds yesterday, under Commandant Thornburgh. Their deportment was such as to call forth a good word from every one who saw them. We heard a number of compliments passed on them, but not one word of

Knights of Pythias.

At about 9 o'clock yesterday morning, the members of this Society gathered at the old Base Ball Grounds and then formed in line. They were headed in their march the German Band, led by Prof. Knabe, which discoursed some excellent music. They paraded down Gay to Clinch, down Clinch to Henley, down Henley to Main, up Main to Gay, and thence back to Vine street, where they proceeded out to the Fair Grounds. There was a good turnout, and the display was really fine, and as far as we could learn, nothing occurred to mar the pleasure of the occasion.

THE TOURNAMENT took place soon after their arrival on the ground. The successful Knight was Mr. O'Gail, who took the largest number of rings. Robt.

Crawford was second Later in the day there was another tournament, on the same grounds, gotten up by young men not members of the Knightly fraternity. A ball at Staub's Opera House at night, where the Coronation of the Queens and selection of the Maids of Honor took place, completed the festivities incident thereto.

A Good Sign,

There is not a better sign for the future prosperity of our city than a growing thirst for knowledge among the young and rising generation. Schools are on the increase, places of learning are well supported, and good literature is eagerly sought after. We know this to be true, for every day the East Tennessee Book House is crowded with customers, and we are gled to see many of our round people and resing generaglad to see many of our young people patronizing this establishment. They could not spend their spare hours better than by being engaged in reading good books, and they can certainly find them at this emporium of letters. Should any one wish anything not visible, they need only mention it to one of the obliging clerks exhibited at the Fair, have brought forth many there, and it will be forthcoming. It is sure to be there, for their stock is complete.

To the Blind.

Dr. W. A. Hooten, Oculist, Atlanta, Ga., offers his professional services to the citizens of Knoxville, and vicinity, to treat all chronic diseases, especially the Eye. Dr. H. has been a practicing Physician twenty-two years, and has a special treatment for all chronic diseases, especially those diseases common to females. Dr. Hooten has been blind three years and restored, and has restored many persons from total blindness, some of whom had been led everywhere they had been as long as ten years. He will visit the following places once a month: Fir-t time at Morristown, Oct. 22d; Rogersville, Oct. 23d; Rogersville Junction, Oct. 24th; Jonesboro', Oct. 25th, and at Loudon, Oct. 29th, the remainder of the time at Mrs. M. THE ROMANCE OF CURE

The many evidences of extraordinary cures that are daily reported as offected through DR. RADWAY'S

Sarsaparillian Resolvent Butter and Eggs specialities.

Ready Relief, and Perfect Purgative Pills in written testimonials from all parts of the world, surpassin wonder the most extravagant miracles of enchantment. Physicians and medical men in all countries pronounce these wonderful remedies a mystery, that neither their science of analysis or chemical skill can explain. True, science of analysis or chemical skill can explain. True, these medicines effect the most marvelous cures, and restore the dying to life, and relieve the most wretched pain-suffering victim of his tortures, in from one to twenty minutes, and although they know some of the ingredients of their composition, and Dr. Radway has published their formula (withholding only two newly discovered roots) still both French, German, English and American chemists and pharmaceutists utterly fail with the same ingredients as prepared by them. The with the same ingredients as prepared by them. The great success which these wonderful remedies are con-stantly achieving, lies in the great secret of combining the ingredients together after exercising due care in selecting the pure and genuine roots,

Such wonders of Modern Chemistry as the SARSA-RILLIAN RESOLVENT, READY RELIEF & RAD-WAY'S PILLS, are without parallel in the history of medicine, for there are some infirmities and diseases that are considered as incurable, and sure death. Yet the most astounding cures have been made through these remedies of some diseases that have never been known to be cured by medicine.

CONSUMPTION, SCROFULA, WHITE SWELL-ING, Tumors in the Womb, Stomach, Ovaries, Bowels, Bright's Disease of the Kidneys that have been pronounced incurable, Cancers, Ulcers, Swellings, Stone in the Bladder, Calculous Concretions, Ulcers and Sores of the Bones, Rickets so deeply seated that no other medicines have ever been known to reach, have been cured by the SARSAPARLILIAN RESOLVENT, aid-ed by the READY RELIEF and PILLS.

Palsy, Paralysis, DRY GANGRENE—that threatens a living death—daily rotting away of the limbs and flesh —Diabetes, Involuntary Discharge of Water, Fungi in the Bladder (the Emperor Napolen's disease). Tortur-ing Pains when discharging urine, RHEUMATISM, GOUT, NEURALGIA—each and every one o. these complaints—though but few out of the many other diseases, Radway's Sarsaparidian Resolvent has cured and is daily curing in all parts of the world. In one word, any disease—no matter under what name designated, that is nourished or increased by Bad, impure, deprayed, weak, thin, watery or poisoned blood-can be cured by KADWAY'S SARSAPARIL-LIAN RESOLVENT.

Dr. Radway & Co. have never claimed one-hundredth part of the curative virtues for their remedies as is ascribed to them by the people who have used them for bear in mind, only such diseases and complaints as Dr. Radway, after successful treatment with their remedies knew they would cure, were enumerated in their curative list, so that many of the extraordinary cases that have been reported awakened as much astonish-ment in the discovery of their remedial agents as in those who had been rescued from death, and made whole and sound.

As many persons discredited their extraordinar power, from the fact of their disappointment in the use f other advertised remedies-and some believed i impossible for simple medicines made only from vegetable substances—roots, herbs, &c.—should possess susmarvelous power. Yet they can readily comprehend that the simple grasses of the field, after undergoins the chemical process of distillation designed by nature stituents for the human body. But when those people who first doubt the efficacy of these remedies commence their use, they become their most earnest advocates.

OVARIAN TUMOR CURED. Never has a medicine taken internally been know o have cured tumors either of the womb, uteri, ovaries, or bowels; the knife has been the sole reliance in

ries, or bowels; the knife has been the sole reliance in the hands of experienced surgeons; but Dr. Radway's Sarsaparillian settles this question. For it has cured over twenty persons of Ovarian Cysts and Tumors, as well as Tumors in the bowels, uterus, womb, liver, Dropsical Effusion. Ascites, and Calculus Concretions.

AN IMPORTANT LETTER
from a prominent gentleman and resident of Cincinnati, Ohio, for the past forty years well known to the newspaper publishers throughout the United States:

NEW YORK, Oct. 11th, 1870.

Dr. Radway—Dear Sir: I am induced by a sense of duty to the suffering to make a brief statement of the working of your medicine on myself. For several years I had been affected with some trouble in the bladder and urinary organs, which some twelve months ago culminated in a teribly afflicting disease, which the physicians all said was a spasmodic stricture, in the urethra as also inflammation of the kidneys and bladder, and gave it as their opinion that my age—73 years—would prevent my ever getting radically cured. I had tried a number of physicians, and had taken a large quantity of medicine, both alopathic and homeopathic, but got no relief. I had read of astonishing cures having been made by your remedies; and some four months ago I read a notice in the Philadelphia Saturiay Even ing been made by your remedies; and some our months ago I read a notice in the Philadelphia Saturday Evening Post of a cure having been effected on a person who had long been suffering as I had been. I went right
